

S_{4h}

Hampshire County Schools 2019-2020 Snow Ice Packet (SIP)

Day 1

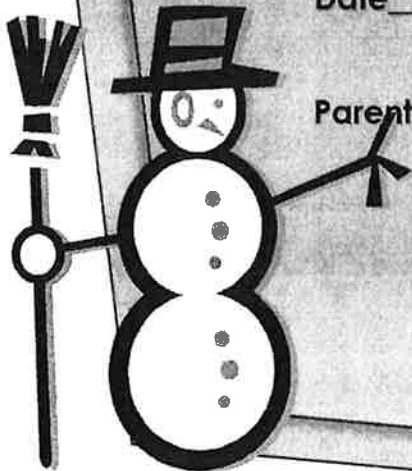

When inclement weather occurs each PreK–12 student is responsible to complete assignments on SIP Days as designated by the superintendent. The SIP Days will be counted as instructional days. To be “present” the student must submit the completed SIP work to the teacher on the next day school is in session. Failure to submit completed work constitutes an “absence”.

Teachers are available at the schools to support students on SIP Days. Students will double-check their work and parents will sign below.

Nontraditional Day Plans

5th Grade Math and Science

1. **Penguins: Up Close and Personal - Readworks Article:** Students will go to readworks.org and login using their class code 7T4KMB, will choose their name, and will type in their password 1234.

Students will read the article, and then answer the comprehension questions, and submit their answers.

Accommodations: The audio option has been turned on for students who need that and vocabulary definitions have been provided as a support.

2. ***Science Terms Crossword Puzzle:** Students will complete the crossword puzzle (if it cannot be printed, students can write their answers down on notebook paper).

Accommodations: Students may use dictionaries and or internet searches for help with unknown words

3. ***Multi-Digit Multiplication – Math-Aids:** Students will complete the multi-digit multiplication sheet (again, if it cannot be printed, students can do their work on notebook paper).

**Accommodations:* Students who needs changes, should do the second multiplication sheet that is just 4 digit by 1 digit multiplication.

4. **Reflex Math (Green Light):** Students will go to reflexmath.com and login using their class login mcbride4, they will choose their homeroom teacher's name, and then their name, and then type in their password which is their last name. Students should work on this until they get their "green light."

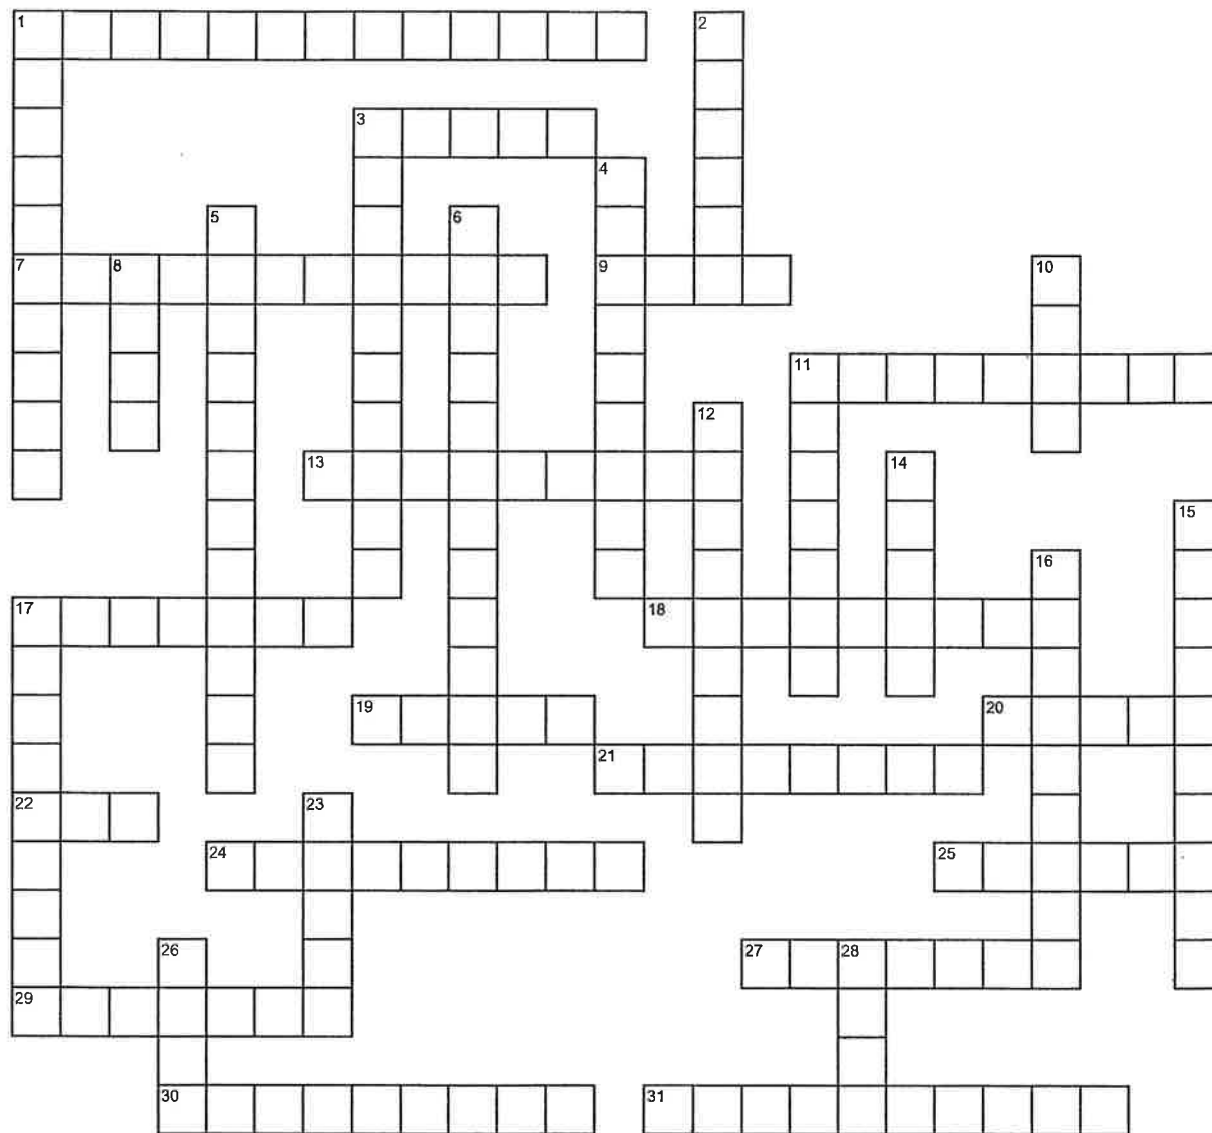

Accommodations: Students have the ability to work at their own pace.

5. **Moby Max Math (15 minutes):** Students will go to mobymax.com and login using their school code WV182, they will type in their user name which is their first name, and they will type in their password which is their last name. Students will choose math, and will work for "15 minutes" through the automatically provided lessons.

Accommodations: Student lessons are geared towards their ability level.

**These assignments are attached, to be uploaded onto the site.*

Science Terms - (Worksheet 1)

ACROSS

- 1 A group of stars that form a pattern or shape
- 3 The name of the planet on which we live
- 7 The changing of a liquid into a gas
- 9 The basic unit of life
- 11 The change in form that water goes through when it turns from a liquid to a gas
- 13 A living thing that hunts other animals for food
- 17 A place where a living thing makes its home
- 18 Large extinct prehistoric animals that roamed the Earth millions of year ago
- 19 The liquid that is pumped throughout the body by the heart
- 20 The outermost layer of the Earth
- 21 A small chunk of rock that orbits around the sun
- 22 What water turns into when it freezes
- 24 The act of inhaling and exhaling air into and out of from your lungs

- 25 Puffy gray or white areas of moisture in the sky from which precipitation falls

- 27 The force that causes an object to fall to earth
- 29 When a life form dies out and is no longer found alive anywhere on Earth
- 30 A huge strong storm that forms over the ocean
- 31 The blanket of air and gases that surround the Earth

DOWN

- 1 The type of trees that do not lose their leaves in the fall and produce cones
- 2 The remains, marks, or signs of a living thing from long ago
- 3 A shaking of the Earth's crust caused by sudden, shifting movements in the crust
- 4 The type of trees that lose their leaves in the fall and grow new ones in the spring

- 5 The saving and wise use of natural resources

- 6 The changing of a gas into a liquid
- 8 Extremely tiny particles that make up all matter
- 10 The innermost layer of the Earth
- 11 The imaginary line that separates the north and south halves of the Earth
- 12 When a plant first sprouts or begins to grow
- 14 To breakdown of rot
- 15 An educated guess
- 16 The study of space and the heavenly bodies
- 17 A living thing that eats only plants
- 23 Body part that pumps blood throughout the body
- 26 An animal that lives in water that has gills for breathing and fins for swimming
- 28 An imaginary line around which the Earth spins

Nontraditional Day Plans

5th Grade: ELA and Social Studies

Assignment Description/Directions:

Social Studies:

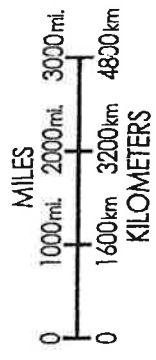

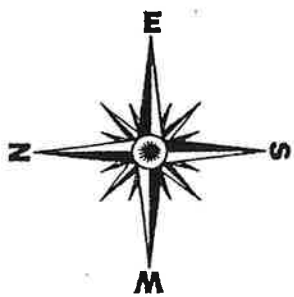

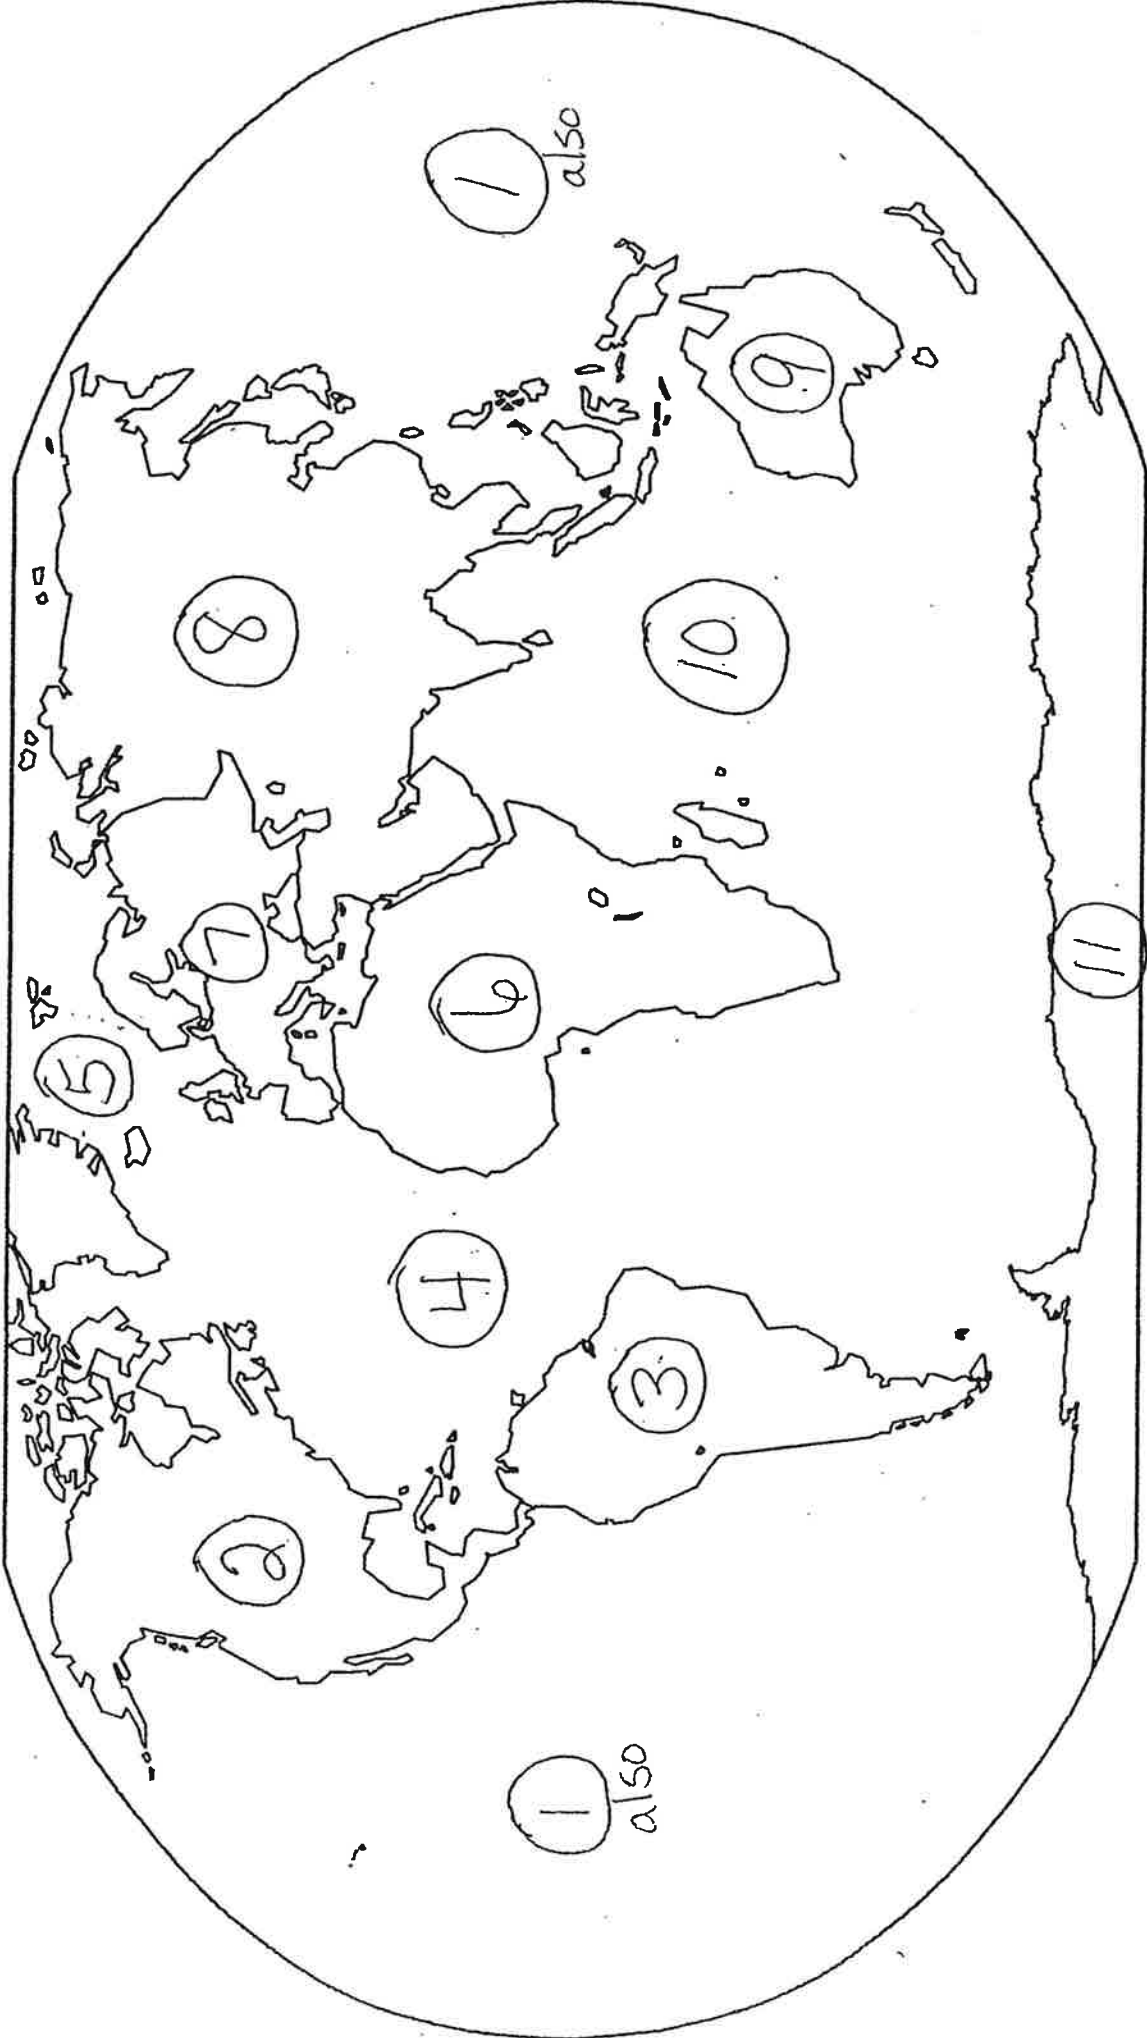

1. Continents and Oceans – Use the map provided to match the given number with the correct Continent or Ocean name. Two choices have been provided. Choose the correct name and write it on the line. Spelling counts! Color the map when completed: oceans-blue, continents-green.
2. “A Pioneer of Flight” - Read the passage then answer the questions using evidence from the text to support your thinking.

English Language Arts:

1. Grammar: Plural Nouns – Use the graphic organizer “When –s wont’ cut it” as your guide, rewrite each noun to make it plural. Spelling counts!
2. “A Brand New Pastime” – Using lined paper, plan your written response to the given prompt by writing a T-Chart first, then turning your ideas into written sentences in paragraph form. Your essay should be 5 paragraphs in length including an introduction and conclusion. Be sure to check your writing for correct capitalization, punctuation, and spelling. Have an adult read over your rough draft and sign that they have proofread your work.

Continents and Oceans of the World

Grade 5

Name _____ (Continents and Oceans)

1. _____ - Pacific, Indian

2. _____ - North America , South America

3. _____ - Africa, South America

4. _____ - Atlantic, Artic

5. _____ - Artic, Pacific

_____ **Social Studies Score**

6. _____ - Europe, Africa

7. _____ - Europe, Asia

_____ **Spelling Score**

8. _____ - Asia, Australia

9. _____ - Europe, Australia

10. _____ - Indian, Pacific

11. _____ - Antarctica, Asia

Name _____

5.RI.10

Read the passage.

A Pioneer of Flight

A Budding Interest

Amelia Earhart saw an airplane for the first time at a state fair in 1907. She was 10 years old. Not until a decade later, while attending a stunt-flying exhibition, did she really become interested in flying.

A Rise to Fame

As a social worker, Earhart had never had any experience with airplanes. Determined to learn how to fly, she took her first lesson in 1921. In just six months, she saved enough money to buy her own airplane. It was bright yellow. She named it Canary. She set her first record in it. She became the first woman to fly up to 14,000 feet (4267 m).

Earhart flew often. Her hard work paid off in 1928 when a book publisher named George P. Putnam asked her if she would fly across the Atlantic Ocean. Her answer was yes. She became a celebrity. From that point on, Earhart's life centered on flying. She became popular as she won competitions and awards.

Earhart married George Putnam in 1931. Together, they planned her solo trek across the Atlantic Ocean in 1932. When she returned home, President Herbert Hoover awarded her a medal. More medals followed. In 1935, she became the first person to fly solo from Hawaii to California.

A Mysterious End

Earhart set a new goal. She wanted to be the first woman to fly around the world. Despite a failed first attempt, Earhart departed from Florida in 1937. Navigator Fred Noonan flew with her. During this flight, they disappeared. Earhart tried to land on a small island in the Pacific Ocean. She missed the island because of cloudy conditions. Her airplane never landed. A rescue attempt began immediately. They never found Earhart or her airplane, but she lives on as a legend in aviation history.

I can read and comprehend grade-level informational texts.

Name _____

After reading "A Pioneer of Flight" (page 42), follow the directions.

1. Make a time line of the events that led Amelia Earhart to become an aviator.

2. Write a newspaper article that reports Amelia Earhart's disappearance. Use the five W's: who, what, when, why, and where.

3. Since 1937, people have searched unsuccessfully for Amelia Earhart's airplane. There are many theories about what happened. What do you think happened to Amelia Earhart? Use evidence from the text to support your thinking.

I can quickly find evidence in the text to support my thinking when answering a question or solving a problem.

Interactive Grammar Notebooks Lesson 3-3: Plural Nouns, Activity 1

Plural Nouns: When -s won't cut it!

When a word ends with:
s ch sh x z

add es
example church = churches

When a word
ends with:
f fe

drop f/fe add es Knife Knives

When a word
ends with:
consonant + o

add es potatoes

When a word ends with:
consonant + y

y to i add es
tragedy = tragedies

Quiz
Make the singular words — plurals

1. house _____
2. half _____
3. tomato _____
4. penny _____
5. shrimp _____
6. diary _____
7. church _____
8. wife _____
9. study _____
10. piano _____
11. monkey _____
12. deer _____
13. country _____
14. turkey _____
15. branch _____
- ✓ 16. life _____
17. lady _____
18. berry _____
19. box _____
20. elf _____
21. zero _____
22. moose _____
23. dish _____
24. chief _____
25. photo _____

A Brand New Pastime

Imagine that you are not able to do any of your favorite activities (no television, computer, CD's, radio, games, or books) for a whole week! Devise a new hobby to occupy your time.
